

IWA Specialist Conference

Microbial Ecology and Water Engineering:

A joint conference of the MEWE and Biofilm specialist groups

4. – 7. September 2016, Copenhagen, Denmark

Sponsorship opportunity

The IWA specialist conference “Microbial Ecology and Water Engineering” is bringing together the IWA MEWE (microbial ecology and water engineering) and biofilm specialist groups for the first time. We expect this to be an exceptional international event bringing together scientists and practitioners involved in all aspects of the urban water cycle. We expect to welcome approximately 250 scientists and professionals from more than 20 different countries at our conference. See <http://www.mewe2016.org/> for more information.

We would like to offer you and your organization the opportunity to participate in our sponsorship program. Sponsorship provides visibility for your organization throughout the conference. In addition, platform sponsorship provides guaranteed participation for one person in your company with waived registration fees. A number of other sponsorship opportunities are also available and are detailed below. If you have additional ideas about how your company can sponsor this conference and gain visibility, we will be glad to discuss customized sponsorship opportunities. Your sponsorship is greatly appreciated as it allows offering this conference at a competitive price. This is especially important for students, young scientists, and for participants from low-income countries. The following table provides an overview of the different levels of platform sponsorship opportunities:

	Platinum	Gold	Silver	Bronze
Invitation to participate for one person incl. waived registration fees	■	■	■	■
Official sponsorship of one of the social events, including the opportunity for a welcome speech	■			
Standard exhibition space to present your company and products	■	*Possible – please contact Barth Smets if you are interested.		
One piece of information on your organization added to the conference bag	■	■

*Exhibition space in the venue is limited, but please contact us if you wish to have a small stand, or roll up to advertise your company.

Additional sponsorship opportunities:

Inserts in conference bag, 1500 DKK

Include small booklet or brochure in conference bag. Booklets produced by the company.

Ad in Program / Abstract Book, 1000 DKK

Get a full-page ad in program / Abstract book

Lanyards (for name badges), 4000 DKK

All participants will wear their name badge during the Congress on a lanyard. Lanyards with name badges will be provided to participants upon registration. The sponsorship does not cover production costs, paid by the company.

Conference Bags, 4000 DKK

Conference bags will contain all conference material and be distributed to all participants. The sponsorship does not cover production costs, paid by the company.

Poster prizes, 4000 DKK

Three poster prizes will be awarded to the best posters at the conference. The sponsorship includes promotion as poster prize sponsor in the program and during the congress.

If you are interested in any of these sponsorship opportunities or if you require additional information please contact Prof. Barth Smets (+45 45252230, bfsm@env.dtu.dk).

We thank you for your interest and your support of this unique conference.
